

COURSE PROFILE

COURSE IN GHS SAFETY DATA SHEETS & LABELS (Australia & New Zealand)

P-E COURSE CODE:

TROHS 008 - AUSNZ

COURSE OUTLINE:

Participants will be instructed and coached during practical workshop exercises on the classification of Hazardous Chemicals, Dangerous Goods and Scheduled Poisons. This includes using these classifications to review and prepare Safety Data Sheets and Labels according to Australian Work Health & Safety (WHS) / Safe Work Australia (SWA) GHS and New Zealand EPA (HSNO) criteria. Suitable for Chemists, OH&S and Regulatory Compliance staff, and others interested in meeting these requirements.

PRE-REQUISITES:

There are no pre-requisites, however, participants will find it useful if they have some prior knowledge of the current relevant Legislation, Codes of Practice and Guidance material including:

Australia:

- *Guidance on the Classification of Hazardous Chemicals under the Work Health and Safety (WHS) Regulations*
- *Code of Practice - Preparation of Safety Data Sheets for Hazardous Chemicals (Safe Work Australia)*
- *Code of Practice – Labelling of Workplace Hazardous Chemicals (Safe Work Australia)*
- *Globally Harmonised System of Classification and Labelling of Chemicals (GHS) (United Nations) Third, Fourth or Fifth revised edition (or later)*
- *Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG)*
- *Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)*

Previous Codes of Practice

- *National Code of Practice for the Preparation of Material Safety Data Sheets 2nd Edition [NOHSC:2011(2003)]*
- *National Code of Practice for the Labelling of Workplace Substances [NOHSC:2012(1994)]*

New Zealand:

- *Preparation of Safety Data Sheets HSNO CoP 8-1 (Responsible Care New Zealand)*
- *Labelling of Hazardous Substances HSNO CoP 8-1 (Responsible Care New Zealand)*
- *Labelling of Hazardous Substances: Hazard and Precautionary Information (NZ EPA)*
- *Assigning a Product to a HSNO Approval (NZ EPA)*

and their own company's SDS management system.

COURSE DURATION:

18 hours (over three days)

This course is usually delivered as in-house classroom-based workshops for small groups.

CERTIFICATE:

A Certificate of Attendance will be issued following completion of the Workshop

HAZCOM GHS

P-E HANDLEY-WALKER PTY. LTD.

ACN 117 526 888 ABN 71 585 860 794

P.O. Box 681 Mornington , VIC 3931

Ph: (03) 9708 8809 Mob: 0412439334 www.p-handley-walker.net.au

FACILITATOR:

William Ray, Principle Consultant, HAZCOM GHS (P-E Handley-Walker Pty Ltd)
MRACI C Chem, MAIDGC, Dip OHS, Dip QA, Dip Mgt,

COURSE CONTENT:

- Legislative Overview (Australia and New Zealand)
- Introduction to the GHS
- Classification and hazard communication - "old" systems in use in Australia
- The GHS – what it is, why it was developed, what it aims to do, what are its benefits.
- The GHS and the WHS Regulations – Scope and Application
- How does the GHS work
- GHS Hazard Class and Categories
- Hazard communication
- Labelling and Safety Data Sheets
- Signal words, pictograms, hazard statements, precautionary statements
- Example labelling and SDS for Australia and New Zealand
- Summary of the SDS and label requirements
- Classification Hazardous Chemicals to the GHS
- Classification Hazardous Chemicals to HSNO
- Practical exercises in substance classification, SDS preparation, group reviews

LEARNING OUTCOMES:

At the conclusion of the workshop, participants should be able to:

- Describe the legislative requirements of chemical management in the workplace
- Describe and identify Hazardous Chemicals, Dangerous Goods and Scheduled Poisons
- Describe the potential effects of chemicals on employees, the workplace and the environment
- Identify and interpret key safety information and terms within Safety Data Sheets and Product labels to enable safe use, storage, handling, transport and disposal of chemicals in the workplace
- Re-classify chemicals which have a classification under the older Australian Regulatory frameworks to the requirements of the GHS under the WHS legislation.
- Classify Hazardous Chemicals, Dangerous Goods, and Scheduled Poisons, and use this information for writing and reviewing SDS and labels according to Safe Work Australia (WHS/GHS) criteria and NZ EPA (HSNO) criteria

NOTE: This workshop will not cover the following topics:

- Epidemiological assessments, weight of evidence classifications or interpreting data from animal or other studies to obtain a classification.

TRAINING STRATEGIES:

- Group facilitation
- Group discussions
- Example of classifications and labels
- Exercises in subgroups

TRAINING MATERIALS:

- PowerPoint presentation
- Course manual/notes
- Handouts
- Exercise materials

COURSE FEES AND HOW TO APPLY:

Contact:

Phone or email William Ray on 0412 439 334 or will@p-handley-walker.net.au
Enrolment forms and Policies are available at www.p-handley-walker.net.au

In-house courses:

Phone us to discuss your in-house training requirements and request a quotation.

Payment Terms:

Payment must be received in full no later than 10 business days before date of course commencement. Payments should be made directly into our Australian bank account as per our invoice.

Refund Policy: Full refund is available for cancellations received in writing at least 7 business days before the course date for face-to-face learning, or if the course is cancelled by P-E Handley-Walker students will be offered a place at the next scheduled course or a full refund.
