

GHS CLASSIFICATION WORKSHOP

P-E CODE: TROHS 008-GHS (WHS_1D)

OUTLINE:

- This GHS Classification Workshop is aimed at providing you with the information to enable you to re-classify chemicals which have a classification under the older Australian Regulatory frameworks to the requirements of the GHS under the WHS legislation.
- In order to gain the most from this session, you need to have a basic understanding of the GHS, its hazard classes, pictograms and other labelling elements and previous regulatory frameworks for chemical classification.
- Suitable for Chemists, WH&S/OH&S and Regulatory Compliance staff, and others interested in meeting these requirements.

PRE-REQUISITES:

- There are no pre-requisites, however, tertiary qualifications in chemistry, WH&S or OH&S would be an advantage, and participants will find it useful if they have some prior knowledge of current relevant Legislation, Codes of Practice and Guidance.

DURATION:

6 hours (one day)

This course is usually delivered as in-house classroom-based workshops for small groups
(including remotely via TEAMS or ZOOM).

WHAT YOU WILL NEED FOR THIS WORKSHOP

A copy of:

- *Classifying hazardous chemicals - National guide (Safe Work Australia)*
and
- *Code of Practice – Labelling of Workplace Hazardous Chemicals (Safe Work Australia), or*
- *Code of Practice - Preparation of Safety Data Sheets for Hazardous Chemicals (Safe Work Australia), or*
- *Classification and labelling for workplace hazardous chemicals poster for pictograms and environmental hazards*
and
- *optionally the GHS, 3rd, 4th, 5th, 6th or 7th revised editions (The Purple Book)*

WHAT THIS WORKSHOP COVERS

Part 1

- Awareness of Chemical legislation and responsibilities
 - Changes under GHS 7
 - Safe Work Australia – Workplace Exposure Standards (WES) review
- Potential effects of chemicals on people, workplace and environment.
- Identify, interpret and use
 - Safety Data Sheet information
 - Label information
 - GHS classifications and pictograms
- to enable safe use, storage, handling, transport and disposal of chemicals in the workplace

Part 2

- The Globally Harmonized System of Classification and Labelling of Chemicals
- The relationship between the GHS, the ADG Code and the NOHSC Approved Criteria (AC)
- Classifying Hazardous Chemicals to the GHS
- Practical exercises in Hazardous Chemical classification.
 - Conversion of Approved Criteria to GHS Classification
 - Classifying Dangerous goods to the ADG
 - Converting ADG Code to GHS classification
 - Determining GHS Label elements

WORKSHOP OUTCOMES

At the conclusion of the workshop, participants should be able to:

- Describe the legislative requirements of chemical management in the workplace
- Identify and interpret key safety information and terms within Safety Data Sheets and Product labels
- Describe and identify GHS Hazard Class and Categories for Hazardous Chemicals
- Re-classify chemicals which have a classification under the older Australian Regulatory frameworks to the requirements of the GHS under the WHS legislation.

NOTE: This workshop will not cover the following topics:

- Epidemiological assessments, weight of evidence classifications or interpreting data from animal or other studies to obtain a classification.
- Dangerous Goods of *Division 6.2 Infectious Substances* and *Class 7 Radioactive Material*. These are not covered by GHS classification criteria, but by ADG Code classification and labelling criteria.

CERTIFICATE:

A Certificate of Attendance will be issued following completion of the Workshop

WORKSHOP FACILITATOR:

William Ray, Principle Consultant, HAZCOM GHS (P-E Handley-Walker Pty Ltd)
MRACI C Chem, MAIDGC, Dip OHS, Dip QA, Dip Mgt,

WORKSHOP FEES AND HOW TO APPLY:

Contact:

Phone or email us on 0412 439 334 or will@p-handley-walker.net.au
Enrolment forms and Policies are available at www.p-handley-walker.net.au

In-house courses:

Phone us to discuss your in-house training requirements and request a quotation.

Payment Terms:

Payment must be received in full no later than 10 business days before date of course commencement. Payments should be made directly into our Australian bank account as per our invoice.

Refund Policy: Full refund is available for cancellations received in writing at least 7 business days before the course date for face-to-face learning, or if the course is cancelled by P-E Handley-Walker students will be offered a place at the next scheduled course or a full refund.
